

COMPLAINANT CONSENT/IDENTITY RELEASE FORM

Your Name: Scott Huminski

Address: 24544 Kingfish St. bonita springs fl 34134

\_\_\_\_\_State \_\_\_\_\_ Zip \_\_\_\_\_

Complaint number(s): (if known) Huminski v Lee Sheriff (20-ocr-0698)

*Please read the information below, check the appropriate box, and sign this form.*

I have read the Notice of Investigatory Uses of Personal Information by the Department of Justice (DOJ). As a complainant, I understand that in the course of an investigation it may become necessary for DOJ to reveal my identity to persons at the organization or institution under investigation. I am also aware of the obligations of DOJ to honor requests under the Freedom of Information Act. I understand that it may be necessary for DOJ to disclose information, including personally identifying details, which it has gathered as a part of its investigation of my complaint. In addition, I understand that as a complainant I am protected by DOJ's regulations from intimidation or retaliation for having taken action or participated in action to secure rights protected by nondiscrimination statutes enforced by DOJ.

**CONSENT/RELEASE**

**yes** CONSENT - I have read and understand the above information and authorize DOJ to reveal my identity to persons at the organization or institution under investigation. I hereby authorize the Department of Justice (DOJ) to receive material and information about me pertinent to the investigation of my complaint. This release includes, but is not limited to, personal records and medical records. I understand that the material and information will be used for authorized civil rights compliance and enforcement activities. I further understand that I am not required to authorize this release, and do so voluntarily.

CONSENT DENIED - I have read and understand the above information and do not want DOJ to reveal my identity to the organization or institution under investigation, or to review, receive copies of, or discuss material and information about me, pertinent to the investigation of my complaint. I understand this is likely to impede the investigation of my complaint and may result in the closure of the investigation.

## **NOTICE ABOUT INVESTIGATORY USES OF PERSONAL INFORMATION**

### **NOTICE OF COMPLAINANT/INTERVIEWEE RIGHTS AND PRIVILEGES**

Complainants and individuals who cooperate in an investigation, proceeding or hearing conducted by DOJ are afforded certain rights and protections. This brief description will provide you with an overview of these rights and protections.

- A recipient may not force its employees to be represented by the recipient's counsel nor may it intimidate, threaten, coerce or discriminate against any employee who refuses to reveal to the recipient the content of an interview. An employee does, however, have the right to representation during an interview with DOJ. The representative may be the recipient's counsel, the employee's private counsel, or anyone else the interviewee authorizes to be present.

- The laws and regulations which govern DOJ's compliance and enforcement authority provide that no recipient or other person shall intimidate, threaten, coerce or discriminate against any individual because he/she has made a complaint, testified, assisted or participated in any manner in an investigation, proceeding, or hearing conducted under DOJ's jurisdiction, or has asserted rights protected by statutes DOJ enforces.

- Information obtained from the complainant or other individual which is maintained in DOJ's investigative files may be exempt from disclosure under the Privacy Act or under the Freedom of Information Act if release of such information would constitute an unwarranted invasion of personal privacy.

*There are two laws governing personal information submitted to any Federal agency, including the Department of Justice (DOJ): The Privacy Act of 1974 (5 U.S.C. § 552a), and the Freedom of Information Act (5 U.S.C. § 552).*

**THE PRIVACY ACT** protects individuals from misuse of personal information held by the Federal Government. The law applies to records that are kept and that can be located by the individual's name or social security number or other personal identification system. Persons who submit information to the government should know that:

- DOJ is required to investigate complaints of discrimination on the basis of race, color, national origin, sex, disability, age, and, in some instances, religion against recipients of Federal financial assistance. DOJ also is authorized to conduct reviews of federally funded recipients to assess their compliance with civil rights laws.

- Information that DOJ collects is analyzed by authorized personnel within the agency. This information may include personnel records or other personal information. DOJ staff may need to reveal certain information to persons outside the agency in the course of verifying facts or gathering new facts to develop a basis for making a civil rights compliance determination. Such details could include the physical condition or age of a complainant. DOJ also may be required to reveal certain information to any individual who requests it under the provisions of the Freedom of Information Act. (See below)

- Personal information will be used only for the specific purpose for which it was submitted, that is, for authorized civil rights compliance and enforcement activities. Except in the instances defined in DOJ's regulation at 28 C.F.R. Part 16, DOJ will not release the information to any other agency or individual unless the person who supplied the information submits a written consent. One of these exceptions is when release is required under the Freedom of Information Act. (See below)

- No law requires a complainant to give personal information to DOJ, and no sanctions will be imposed on complainants or other individuals who deny DOJ's request. However, if DOJ fails to obtain information needed to investigate allegations of discrimination, it may be necessary to close the investigation.

- The Privacy Act permits certain types of systems of records to be exempt from some of its requirements, including the access provisions. It is the policy of DOJ to exercise authority to exempt systems of records only in compelling cases. DOJ may deny a complainant access to the files compiled during the agency investigation of his or her civil rights complaint against a recipient of

Federal financial assistance. Complaint files are exempt in order to aid negotiations between recipients and DOJ in resolving civil rights issues and to encourage recipients to furnish information essential to the investigation.

- DOJ does not reveal the names or other identifying information about an individual unless it is necessary for the completion of an investigation or for enforcement activities against a recipient that violates the laws, or unless such information is required to be disclosed under FOIA or the Privacy Act. DOJ will keep the identity of complainants confidential except to the extent necessary to carry out the purposes of the civil rights laws, or unless disclosure is required under FOIA, the Privacy Act, or otherwise required by law.

**THE FREEDOM OF INFORMATION ACT** gives the public access to certain files and records of the Federal Government. Individuals can obtain items from many categories of records of the Government - not just materials that apply to them personally. DOJ must honor requests under the Freedom of Information Act, with some exceptions. DOJ generally is not required to release documents during an investigation or enforcement proceedings if the release could have an adverse effect on the ability of the agency to do its job. Also, any Federal agency may refuse a request for records compiled for law enforcement purposes if their release could be an "unwarranted invasion of privacy" of an individual. Requests for other records, such as personnel and medical files, may be denied where the disclosure would be a "clearly unwarranted invasion of privacy."

**Subject:** Request for ADA advocate or victim's advocate re: pending DOH investigations & filings

If allowed, I would like to request appointment of an ADA advocate or victim's advocate regarding the DOH matters pending concerning the medical staff of the Lee Sheriff. As always, all expression from myself is core protected political expression afforded the highest level of protection under the First Amendment.

Here are my recent filings in the 2 DCA that may be of relevance to the DOH investigations.

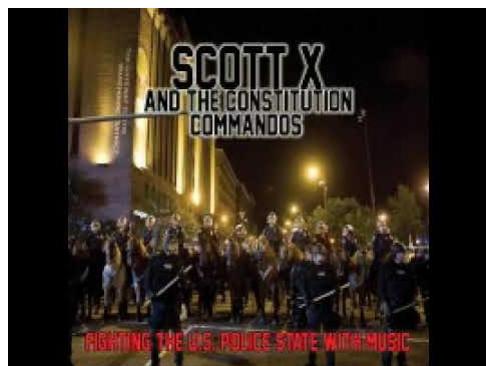

The entire matter that led up to the DOH issues and associated crimes against me perpetrated by the sheriff was an unlawful and unconstitutional sham. See filings,

**Subject:** 2 attorneys attempt to undermine the ADA accommodation plans of a medical provider

Unfortunately one is my appellate attorney the other is an Assistant Attorney General.

Please consider this as a complaint regarding unauthorized practice of medicine by  
Judge James Adams and possibly these 2 attorneys.

This conduct borders on the unauthorized practice of medicine and these two attorneys  
provide content that can only be provided by a medical expert in a court proceeding.

They try to undermine the ADA treatment plan to allow the various officials involved in this  
matter to continue to refuse ADA accommodations to the disabled. The purpose of the the lies  
of these 2 attorneys is to get a Court to negate or declare the ADA plan as forgery or a  
fraud. They are trying to create case law to prejudice the disabled in Florida and/or trying to  
get an appellate court to disregard the ADA plan.

Rebecca Potter is the LMHC who authored the ADA accommodations plan, I was her patient  
and she also served as my ADA advocate. Also detailed is the conduct of Judge Adams acting as  
a medical expert in the case and trumping the genuine and legitimate findings and

recommendations of a licensed medical professional who was trained by Doctor Karin Huffer who originally set forth a subset of PTSD, Legal Abuse Syndrome, Ms. Huffer also treated me and has written a book on the topic. I have very severe PTSD/LAS.

[https://en.wikipedia.org/wiki/Karin\\_Huffer](https://en.wikipedia.org/wiki/Karin_Huffer)

A non-medical legal issue is that Judge Adams engaged in an early sentencing phase prior to trial forbidden by the federal constitution, the judge can not address sentencing without the facts introduced at trial.

One thing to note is that Judge Krier who presided early in the case advocated a medical inquiry into my competency. Judge Adams without jurisdiction to do so over-ruled this important statement of Judge Krier.

### Karin Huffer - Wikipedia

Karin Huffer was an American marriage and family therapist, who is known for identifying a potential consequence of legal abuse, the condition known as Legal Abuse Syndrome (LAS), a form of posttraumatic stress disorder (PTSD) which can be caused by ethical violation, betrayal, abuse of power, lack of accountability, or fraud within the legal system.

**Subject:** One question for medical practitioners

Is a person more likely to die when his blood pressure medications that he had been on for 22 years are abruptly ended than just staying on the medications prescribed by medical doctors for 22 years with great success? Seems like there are two questions, are nurses in florida allowed to over-ride medications and treatments prescribed by an M.D., I hope not to prevent this scenario happening elsewhere in the State.

These nurses made a finding that my doctor had erred and all my doctors prior were clueless as well. Its not the doctors, its prison nurses.

If the answer to question 1 is yes, the nurses may qualify for attempted murder charges as may others involved in this matter. If they are still practicing medicine the public is at risk. Does the Sheriff still employ these nurses or are they harming another community?

**Subject:** Lee Sheriff refuses Sunshine Law request and refuses all law enforcement services to resident of Lee County

My disabilities and extreme fear of being subjected to torture again by the Lee Sheriff only permit my communication with law enforcement via email which the sheriff prohibited. Judge Adams' orders prohibited LCSO contact already (all parties to the civil or criminal cases) and prohibits communication with Florida. Mr. Holloway did not have to repeat the words of Judge Adams just to harass, terrorize, harm and injure. NO CONTACT OR COMMUNICATION, I get it.

The only reason I felt confident in contacting the DOH is because Medical Doctors are not known for the same kind of Neanderthal behavior and wrongful shooting and killing of citizens. In fact, the medical profession is far more civilized.

The sheriff has no need to communicate this to me when it is already codified in the order of Judge Adams prohibiting all LCSO contact under threat of imprisonment. I believe Mr. Holloway chose to send this email merely to harass, terrorize and make it perfectly clear that the sheriff is excluding Huminski from law enforcement services. This causes me great anxiety and I have forgone reporting crimes that I have observed in Lee County, including the smoking of crack in the LCSO jail and curfew violations in my neighborhood after Irma.

I collected much information while in jail for the betterment of society, which will continue to be released. see below,

The order of Judge Adams mandating no contact with the LCSO remains pending appeal. My contact with you, as I explained previously is in your capacity with the County. It is criminal indirect contempt of court for me to have contact with the Sheriff or LCSO staff. See order of Judge Adams prohibiting such contact at the below link which was post on my door when I was arrested by your thugs.

<https://judgeelizabethvkrierleecountyflcorruption.files.wordpress.com/2017/06/docs-on-door-for-lcso-gag-order.pdf>

The sheriff has violated the Sunshine laws by not providing the arrest report from 2/12/19 and continues to do so. Latest document request is here, luckily the web address of the is not a LCSO address or I would have been prohibited from contact for sunshine requests as well.

Here is the latest request that you have ignored, now for the third time. Stating clarification needed for merely requesting the arrest report and any recordings during transport to jail requires no clarification. Here is the third request, what do you think you need to hide via violation of sunshine law requests?

## Lee Sheriff Disabled Elder Abuse & torture

scott huminski is making this request to Lee County Sheriff's Office of Lee County.

[www.muckrock.com](http://www.muckrock.com)

Please discontinue violations of sunshine law requests. Seems like the truth hurts, especially the State DOH investigation of the LCSO medical staff. Buy cheap, get cheap. Not a good policy for medical services, neither is your procedures that allow your nurses to override and trump the medical treatments and medications set forth by M.D.'s. In FL nurses can not act in violation of the orders of Medical Doctors. You get what you pay for, sub-standard medical treatment. I think you need to polygraph the guard who put me in solitary on 2/12/19 and, by doing so, engaged in felony abuse of a disabled adult. The reports you are hiding reveal the truth, I was not disorderly, I merely stated that judge adams issued a gag/no-contact order prohibiting all LCSO contact. You engaged in entrapment regarding criminal contempt of judge adams' order. I await my arrest for this so-called crime that occurred dozens of times during my incarceration. Obviously.

Why are you still obstructing the request for the arrest report and transportation recordings?

Are you shutting down sunshine requests from muckrock.com as well. I noticed that I can no longer request via the portal. -- scott huminski

Dear Mr. Huninski -

Please be advised that as of Monday, 02/17/2020, your emails to all Lee County Sheriff's Office email addresses will be sequestered by our Technical Services staff, and will not reach any LCSO email address.

Please do not assume your emails will be read or acted upon.

We simply do not have the staff or resources to wade through the mass of irrelevant, inaccurate, irrational and/or abusive content in your emails, in attempts to locate a legitimate concern or request.

Our duty to use taxpayers' funds reasonably and wisely requires we dedicate our limited resources to addressing legitimate concerns and requests.

Feel free to mail, call, or stop by should you have a specific legitimate request for assistance.

If you legitimately require police or medical emergency assistance, please call 911.

Be advised, if this access to LCSO facilities and staff is abused - as you have abused your email access - appropriate action will be taken to cause such abuse to cease.

If required, we will seek and obtain another court order directing you cease such contact, as well as monetary damages and attorneys fees as appropriate.

We wish you the best in your future endeavors.

Thank you for your cooperation.

Chief John Holloway  
Lee County Sheriff's Office

**Subject:** New Sunshine Law/FOIA request and evidence re: Lee Sheriff felony abuse of a disabled adult and FL DOH/U.S. DOJ ADA investigations

New request that the sheriff has dodged two times previously,

<https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-torture-88182/>

Also attached are the documents taped to the door of my home at the time of arrest that alerted the LCSO that contact and communication with Huminski would violate Judge Adams' gag/no-contact order placing Huminski in criminal contempt of court. As stated in the above link, I also verbally informed the arresting deputy of the gag order preventing contact and communication with LCSO staff and he waived protection by the gag order. The documents were placed upon my door on 10/3/2018 and were visible by deputies that knocked on my door from 10/3/18 until the date of arrest.

I have the originals viewed by the LCSO arresting deputies with the tape still on them that attached then to my door.

Upon arrival at the Jail, after I mentioned the gag order to the jail staff and they started the "sovereign citizen" chant and the arresting deputy quickly left the room so that he would not interfere with the entertainment the jail staff was enjoying from the punishment and abuse of myself for mentioning the gag order.

The LCSO had knowledge that the gag order existed when they punished me with solitary in inhumane conditions for merely mentioning the existence of the patently insane/corrupt gag order instead of pulling up the case on the public court information system and then seeking legal advise on how to handle such a case whereby contact with any LCSO personnel is barred by court order. They chose a backwoods hillbilly style of justice instead of a concern to obey the law.

This is why the sheriff is refusing to produce the report from the arrest or any recordings made in the police cruiser while transporting to the jail. He is trying to cover-up the misconduct and crimes.

There is no law enforcement duty to create new crime (contempt of court) as was done in the instant matter, to the contrary, law enforcement should not engage in conduct that creates new crimes. -- scott huminski

**Subject:** DOJ ADA Complaint, ADA violations at Lee County, Florida Jails

Hello,

I have been on complete SS disability for 10 years with avascular necrosis of knees and hips, bilateral hip replacements, gout, spinal stenosis, degenerative disk disease, open back surgery, hypertension, PTSD, anxiety disorder and social phobia. I was jailed for 3 weeks for not paying a contempt of court fine in Lee County, Florida 6 months after open back surgery while I was still experiencing post-surgical pain and disability. I was provided zero accommodations, forced to sleep on the floor because I was physically unable to jump into a top bunk, no ADA compliant toilet/shower facilities. Transported is a school bus without handicap grab bars (I was handcuffed and chained to other inmates so grab bars may not have been helpful if they were available). My blood pressure and PTSD/anxiety medications were abruptly ended and I was placed in solitary for 8 hours in only my underwear and shorts and barefoot in a 55 degree windy cell with only steel and concrete surfaces that plummeted my temperature to 97 degrees. Inmates wear thermal underwear and a fairly heavy jump suit. These acts are felony abuse of a disabled adult under State law, Florida statute 825.102, and patently clear ADA violations.

All disabled persons residing at the Lee jails are subjected to similar ADA violations.

Further, the sheriff has formal written rules in place that allow his nurses to override and trump any determinations of disability made by the Social Security administration and medical doctors to allow him to violate the ADA with a fraudulent determination by his nurses.

General counsel for the Florida Department of Health is prosecuting the medical personnel. I don't believe they are addressing the ADA issues. See links below that also contain contact info. for the officials involved in the DOH investigations. The FL DOH has extensive documentation on this issue and I waive all privacy and HIPAA rights concerning my medical records currently in the custody of the FL DOH and the DOH can forward all materials to the Dept. of Justice.

Dear Florida Dept. of Health,

Please forward copies of all documents related to the pending investigations detailed below to the Department of Justice - ADA enforcement unit. I waive all privacy and HIPAA rights, the safety and well-being of the public far outweigh privacy concerns. The ADA is a core federal issue applicable to the States.

See below. Thanks -- scott huminski

**Subject:** Lee sheriff medial staff Sunshine law production fraud and Courthouse corruption

I suppose I shouldn't be as critical of the sheriff printing out a document, hand-modifying it, and providing that as valid sunshine law production of documents in light of the following:

Clerk Linda Doggett, printed out a June 5 Circuit Court order from 17-ca-421 (the order was 119 pages long and originally filed in 17-ca-421 on 4/26/17) On June 30 of 2017,

04/26/2017

[Order to Show Cause](#)

119

She hand modified the order by adding a non-existent docket number and without a new judicial signature,

She processed it as a valid order received from a judge,

the court clerk then initiated a new criminal proceeding in Lee county court (17-mm-815) with a hand modified Circuit Court order without participation of a judge or prosecutor. A new low in courthouse corruption that initiated circumstances that led to the DOH and ADA issues now under investigation.

This clerk engaged in a litany of State and Federal crimes including, but not limited to, fraud, forgery, obstruction of justice and federal civil rights crimes by acting as a judge or prosecutor, the only entities that can initiate a prosecution.

To add insult to injury, Clerk Linda Doggett certified to the 2nd District Court of Appeal, under oath, that her forgery was a true and correct judicial order issued in the County Court. Nothing is further from the truth. The prosecutors and even my current counsel are OK with this fraud upon the appellate court.

Official crime is rampant in Lee County.

Below is a screen shot of the original 6/5 order (page 1) followed by the fraudulent forged one that Linda Doggett fraudulently filed as an authentic judicial order on June 30 which she boldly certified as authentic to the 2 DCA absent 116 pages with the forged docket number. Lots of

government crime here makes one wonder if the sheriff was trying to kill me during my lodging at his facilities. He probably came close with the denial of my blood pressure medications.

True docketing of the order of the deficient order (sans 116 pages) in **Circuit Court**

Fraudulent docketing of the June 6 Circuit order on June 30 in **COUNTY COURT** (certified by crooked clerk to the DCA)

06/05/2017

[Order to Show Cause Filed](#)

The legitimate Circuit Court 6/5 order printed out by the clerk for the manufacture of the 6/30 fraud.

Now the forged/fraudulent order of Clerk Dogget absent the required Judicial signature and proper caption. Note the double time stamp, an admission that it is not a genuine judicial order, rather, it is an order manufactured by the clerk. She is so sloppy, she didn't even correct the caption when forging her new order as she was initiating a new prosecution with her manufactured order in the COUNTY COURT not Circuit. She missed changing the caption to County Court. Criminals often make stupid mistakes when they are operating in their official capacity and believe they are unaccountable.

**THESE COURTS HEAR DEATH PENALTY CASES, NOTHING CAN BE TRUSTED  
especially when defense attorneys like Mr. Candela assist in the fraud upon the appellate courts.**

**Subject:** Lee sheriff medial staff

This conduct in Oklahoma, see below, is the exact same mindset of many of the female guards at the Lee jails including the one that responded on the intercom concerning my report of the Redman Syndrome from toxic medications supplied to me without my knowledge or consent. When she stated "don't take pills you're not supposed to", luckily for me, my situation was not life threatening unlike the unfortunate fellow below. After acknowledgement of the toxicity of one of the medications they supplied me with, they kept on trying to dispense the toxin to me and I had to interrogate the person dispensing medications until I was released.

Eventually, for some reason, they had me sign a form refusing the toxin instead of immediately removing the offending medication they swapped for my Toprol 200. This was probably to document that I was refusing medication when the opposite was true, I desperately wanted my blood pressure medication, not the medications concocted by these nurses who apparently believe a 5 minute interview gives them knowledge superior to a licensed doctor.

I had been under the care of physicians for 22 years, since when can a nurse with zero knowledge of my medical history trump the long-time treatment plan of medical doctors.

Upon intake, a patient should be asked if they are on total Social Security disability and be provided with ADA compliant lodging. If the sheriff has a problem with this he can sort out the disability situation with the Social Security administration and seek review of their determinations.

If a patient is on medications prescribe by a long-time family physician, a sheriff's nurses must not massively change the treatment plan without consulting the prescribing physician. These nurses who ignore the directions and advise of experienced MD's should not completely disregard the knowledge and wisdom of experienced doctors. Doctors place patients on medications for very good reasons after long-term knowledge of a patient that should not be altered by nurses working for law enforcement. At the very least they should have substituted 200 mg of metoprolol succinate with 200 mg of metoprolol tartrate (this medication is inferior for Huminski, but far better than the path they took). Had they inquired, I would have

demanded the beta-blockers instead of water pills that I knew I had a problem with as far as side effects and it didn't help with my blood pressure. Further my PTSD, anxiety and blood pressure are linked to adrenal response which water pills do not address. No one inquired as to why I was on a fairly high dose of Toprol.

## Oklahoma inmate died after pleas for help, many caught on video, were ignored for days, suit says

Many of Terral Ellis Jr.'s cries were caught on video. His estate and family are suing an Oklahoma county, jailers and others.

**Subject:** Lee sheriff lies and evades/dodges Sunshine Law requests

The sheriff claims the requests were unclear which is a lie. One request asks for bunk assignments of Huminski's cellmates. The other request asks for the police report concerning Huminski's arrest and transport to the Fort Myers jail, a two hour period whereby the arresting officer was quizzing Huminski while entering data into his computer. i.e. Distracted Driving and probably an accepted practice at the LCSO.

The first thing Huminski said to the officer informed him of the no-contact order of Judge Adams preventing communication with LCSO staff under penalty of imprisonment, the deputy then waived his protection by the gag orders and Huminski then responded to the questions. Upon arrival at jail, Huminski alerted the staff of the existence of the gag order, the staff repeatedly chanted "sovereign citizen" (whatever that is) and placed Huminski in solitary and engaged in felony abuse of a disabled adult. The arresting officer was present when the decision was made to place Huminski in solitary as a punishment for mentioning Judge Adam's gag order.

Many times the cover-up is worse than the crime. See the request's content in the below sheriff emails,

Dear SCOTT HUMINSKI,

Regarding the Media Request received on 1/20/2020 requesting records, the records have been in "Requested Clarification" status for 10 business days. The Lee County Sheriff considers this request closed. If you would still like the records, please submit another Media Request. Thank you for using the Public Records Center.

Request Details:

Reference # M051080-012020

Description of Records Requested: The records related to my arrest on 2/12/19 and the first 2 hours in custody of the sheriff's department. That is records related to huminski's arrest at approximately 10 AM until he arrived at the jail at approximately noon that same day. On the ride to the jail, the arresting officer was entering quite a bit of information into his computer. Supply these records. Second request.

**Subject:** Lee sheriff and the ADA

The Department of Justice (DOJ) regulates Title II of the Americans with Disabilities Act (ADA), which covers state and local governments. These public entities are responsible for the operation or management of juvenile and adult jails, detention and correctional facilities, and community correctional facilities, whether they are operated directly by the state or local government, or through contracts, licenses, or other arrangements with other entities. (§35.151(k) and §35.152)

Inmates or detainees with disabilities must be housed in the most integrated setting appropriate to their needs. Accessible cells or housing units need to be available in all security classifications and/or program levels of a facility.

Unless it is appropriate to make an exception, public entities must not place inmates with disabilities in:

- Inappropriate security classifications because no accessible cells or beds are available;
- Medical areas unless they are actually receiving medical care or treatment;
- Facilities that do not offer the same programs as facilities where they otherwise would be housed; or
- Distant facilities where they would otherwise not be housed and that would deprive them of visitation with family members.
- Huminski was placed in a cell block without ADA compliant cells.

#### **Minimum Requirements from the 2010 Standards (§35.151(k))**

New construction of jails, prisons, and other detention and correctional facilities must comply with the 2010 ADA Standards for Accessible Design. At least 3% of cells must be accessible for individuals with mobility disabilities, including those who use wheelchairs. Accessible cells must be provided in each classification level.

At least 2% of the general holding and housing cells must be equipped with communication features designed to accommodate individuals who are deaf or hard of hearing. These features include telephones with volume control where telephones are provided in cells, and visible alarm signals where audible emergency alarm systems are provided for occupants of cells and occupants are allowed to evacuate independently. (Sections 232 and 807, ADA Standards)

Alterations to jails, prisons, and other detention and correctional facilities must also comply with the 2010 ADA Standards until new construction levels of access are achieved within the facility.

When alterations are made to specific cells, required features for mobility access may be provided in substitute cells (cells other than those where alterations are originally planned), as long as the substitute cell:

- Is located within the same prison site,
- Is integrated with other cells to the maximum extent feasible, and
- Has equal physical access to areas used by inmates or detainees for visitation, dining, recreation, educational programs, medical services, work programs, religious services, and other offered programs.

If it is technically infeasible to locate a substitute cell within the same prison site, the substitute cell may be provided at another prison within the same system.

Medical and long-term care facilities in detention and correctional facilities, whether they are licensed or not, are also subject to the 2010 ADA Standards for accessibility.

In passing the Americans with Disabilities Act ("ADA"), Congress noted that the isolation and segregation of persons with disabilities due to the discriminatory effects of physical

barriers are a “serious and pervasive social problem,” and there has been very little “legal recourse to redress such discrimination.” The ADA lists several purposes, one of which is “to provide clear, strong, consistent enforceable standards” as part of a mandate to eliminate such discrimination. The ADA is modeled after section 504 of the Rehabilitation Act of 1973. A key difference is that while the Rehabilitation Act requires facilities that received federal funding to be accessible to persons with disabilities, Title III of the ADA applies to places of public accommodation specified by the ADA, regardless of the receipt of federal funding.

Under the ADA, new construction must be “readily accessible” to persons with disabilities. The new construction’s “readily accessible” standard is met if the new construction or alteration is done in compliance with either the 1991 or the 2010 ADA Standards for Accessible Design. These standards include detailed, lengthy and technical specifications. In contrast, existing facilities must be made accessible to disabled persons if the changes are “readily achievable.” The “readily achievable” standard for existing facilities is met by making alterations that are “easily accomplishable and able to be carried out without much difficulty or expense.”

After its passage, Congress charged the Department of Justice (“DOJ”) with implementing the ADA. One of the DOJ’s ongoing tasks, in partnership with the Federal Access Board, is to create regulations to provide guidance for the enforcement of the ADA. Congress created the Federal Access Board in 1973 to ensure access to federally funded buildings, and it has become a “leading source of information on accessible design.” The DOJ codifies the resulting regulations in the Code of Federal Regulations, and the appendices of that code further explain the regulations. In 1991, the Federal Access Board created the ADA Accessibility Guidelines (“the ADAAG”). The ADAAG were purely advisory to the DOJ and addressed new construction standards. The DOJ then sought public comment on the ADAAG, made applicable changes based on those comments, and finally adopted and codified the ADAAG as the official standards for the ADA. In 2010, the DOJ released a revised version, which became effective March 15, 2012.

Courts have upheld the “two distinct systems for regulating building accessibility: one to apply to existing facilities (those designed and constructed for occupancy before January 26, 1993) and another to apply to later-constructed facilities.” Pre-existing or “grandfathered facilities” only need remove easily removed barriers. In contrast to grandfathered facilities, new construction violations are indefensible, unless there is a structural impracticability. A structural impracticability exists when “unique characteristics . . . make accessibility unusually difficult to achieve.” Apart from structural impracticability, courts have no authority to apply equitable discretion in excusing the violation.

Overall, statutes, advisory and technical assistance materials, and case law work as a team to contribute to the goals of the ADA, voiced by President George H.W. Bush, “[E]very man, woman, and child with a disability can now pass through once-closed doors into a bright new era of equality, independence and freedom.”

The Huminski was housed, transported and accessed portions of the Lee Jails built or significantly modified after January 26, 1993, as such, these areas of the Lee Jails must comply with the ADA and are not “grandfathered-in”. There is very little or no attempt to comply with the ADA by the Lee Sheriff.

Some ADA accommodations are as follows:

Examples of “readily achievable” barrier removal that must be complied with include, but are not limited to, the following actions (some of these were absolutely absent in Huminski’s cell and during his transports between facilities in non-ADA compliant vehicles):

Installing ramps;

Making curb cuts in sidewalks and entrances;

Widening doors;

Installing offset hinges to widen doorways;

Installing accessible door hardware;

Installing grab bars in toilet stalls;

Installing a raised toilet seat;

Repositioning the paper towel dispenser in a bathroom;

Installing an accessible paper cup dispenser at an existing inaccessible water fountain;

**Subject:** Re: Lee sheriff foia/sunshine law fraud

In the attached, sheriff supplies 4 bed/bunk designations (A,B,1,10):

A = unknown

B = a handwritten notation added to the attached document at the time of production stating "B=bottom". A fraud, handwritten notes added at the time of production have no place in a FOIA/Sunshine law response. What is A then? The first several days I resided at the jail, there were not enough beds for the number of inmates, bunk designations, if there genuinely is such a thing, are meaningless in overcrowding situations. The sheriff does not enforce top or bottom bunk assignments.

1 = unknown

10 = unknown

Then a snippet of a nurse's comment from another alleged document was cut and pasted to the bottom of the attached production.

When I requested the original entire record/document that contained the nurse's bunk designation via another request,

## THE SHERIFF RESPONDED - **No Documents Responsive to your**

**Request** (see below) apparently there was fraud in the attached production and the lack of an originating document indicates that the nurse's bunk designation may have been manufactured by the sheriff to avoid negative consequences.

A sheriff becoming evasive and deceptive in document production is a good sign of corruption and the desire to avoid consequences by dishonesty and fraud.

**Describe the Record(s) Requested:**

In your last production, you supplied an excerpt of a document or record detailing a nurse advised this in context of the full record, document or database. The nurses message on 2/13/201 entitled Huminski\_OMS\_housing\_R supplied by you on 1/17/2020 clearly indicates that the information was taken from a document, record or database. For review of the document in context, I request the full document or record from which the excerpt was taken. Attached is a copy of what you produced which is something that was taken from an original document/record. Please supply the full document/record or database. Please provide a full screenshot of the nurse's directions in context of the records above and below the nurse's direction.

**Subject:** Lee sheriff nurses acting without supervision by physician

It is impossible to believe that a physician supervised any of the medical staff at the Lee Sheriff's facilities because no Doctor would disturb 22 years of successful medication and completely yank a patient off all medications that worked perfectly for 22 years. The Toprol ER that was prescribed to Huminski had a dual purpose; one as an excellent blood pressure control and as an anti-anxiety medication. Because of Toprol's control of adrenaline, it helps mitigate Huminski's anxiety and related disabilities. For this reason Toprol is often prescribed for stage fright and anxiety issues. It is very helpful to Huminski and his handling and management of his disabilities.

Propranolol and Toprol Used for short-term relief of social anxiety. May reduce some peripheral symptoms of anxiety, such as tachycardia and sweating, and general tension, can help control symptoms of *stage fright* and public-speaking fears, has few side effects.

It is my belief there was no supervising physician as required by statute at the Lee Sheriff's facilities. See below for nurse practitioners and physician assistants. No Physician would look at Huminski's medical history and recommend an ending of medications that worked perfectly for 22 years and take a risk of side effects when Huminski's long-time medicines were tolerated perfectly by Huminski and worked supremely well. The result of the Lee Sheriff's medical staff's experimentation with Huminski's medications met no protocol of a supervising physician, if there was a supervising doctor. No doctor would recommend the "cold turkey" ending of medications taken for 22 years and no written protocol exists supporting the conduct in the instant matter. Because of the lack of supervision or proper protocol, Huminski suffered increased severity of his PTSD, GAD and social phobia as well as soaring blood pressure that Huminski worried would cause a stroke, organ damage, heart issues or kill him.

Huminski was never offered a consultation with a physician, nor, did he know there was a physician available at the Lee Sheriff's facilities. The Redman Syndrome caused by the toxins prescribed to Huminski are not the product of negligence, they are the product of a mindset that the incarcerated are sub-human and don't deserve carefully thought out treatments and medications. It would not be surprising to find out that Huminski was prescribed the same medications given to all patients with hypertension at the Sheriff's facilities, a one size fits all mentality, which is not the case in the practice of medicine. Medical history is supremely important.

Nurse practitioner,  
**Practice Authority**

A written protocol between an NP and the supervising physician is required. The degree and method of supervision that is determined by the NP and the physician must be specifically

identified in the written protocol. General supervision by the physician is required and specified in the written protocol and must include a description of the duties of the NP, a description of the duties of the physician (which includes consultant and supervisory arrangements in case the physician is unavailable), the management areas for which the NP is responsible, a provision for annual review by the parties, and specific conditions and a procedure for identifying conditions that require direct evaluation or specific consultation by the physician. [Fla. Admin. Code §64B9-4.010](#)

Physician Assistant,

**Supervision Requirements**

The law outlines the exact means of responsible supervision. Direct supervision is not required, but the supervising physician must be easily available or be physically present for consultation. [Fla. Admin. Rules §64B8-30.001\(3\)](#), [Fla. Stat. §459.022\(f\)](#)

**Subject:** Lee sheriff retaliation, Gov't Answer Brief Due - 2 weeks

Attorneys Alper & Candela, Please note the answer brief in the 2 DCA is due on 2/12/2020. No extensions will be consented to. Mr. Candela, conflict yourself off the case please as I have legal malpractice claims against you for negligence proximately arising out of your refusal to file a motion to stay the sentence and all matters below pending appeal. The record is clear concerning the injury and damage caused by your failing to seek a stay; incarceration, torture and ADA violations by the Sheriff.

Below is my complaint to the U.N. concerning the human rights violations of the Lee Sheriff (the human right of free speech) and the current sheriff is the hand-picked replacement (buddy) for Sheriff Mike Scott (a defendant in Huminski v. Mike Scott et al, 17-ca-421, aka Huminski v. Gilbert),

A clever scheme by the sheriff to make himself litigation-proof by making the service of himself in the DCA and Florida Supreme Court a crime (contempt of Judge Krier's and Judge Adams' gag orders). AKA obstruction of justice via a prior restraint.

Tying my hands concerning service of papers, mandated by Rule, violates the First Amendment and Due Process and these activities are federal civil rights crimes.

**Subject:** Re: Lee sheriff more ADA violations

If a patient under the care of the Lee Sheriff suffers a medical emergency and is hospitalized, the fictional medical record manufactured by the sheriff can lead to medical errors. As I pointed out in a prior email, falsely reporting that someone is a smoker or IV street drug user as suggested by the falsehoods included in my erroneous medical records can harm and endanger the life of a patient in crisis.

Said errors could send doctors in a wrong direction when attempting diagnosis and alter treatment plans and medications potentially causing delay, harm, injury or death. Medical record errors may lead to the use of the least optimal medication, treatment or procedure.

I have reproduced below the email pointing out the sloppiness and careless/reckless disregard by the Lee Sheriff concerning medical record accuracy in medical records that he maintains, controls and disseminates pursuant to HIPAA regulations.

**Subject:** Re: Lee sheriff more ADA violations

Line items from medical records supplied by the sheriff that are lies followed by reality. This entire intake procedure took only a few minutes, the paperwork generated doesn't match the small interview. Thus the below false statements.

History of drug use ..... yes (absolutely did not state this to anyone, a lie)

Prior incarceration ..... yes (a lie)

Substance use disorder ..... yes (a lie)

Substance abuse ..... yes (a lie)

2/27

History of withdrawal ..... false (yes, i did withdraw from gabapentin prescribed for spine pain, the prior year, medication did not help)

Smoking ..... yes (false)

Street Drugs ..... yes (false, only take drugs prescribed by doctors and dispensed at Walmart or licensed dispensaries)

Brian Medin "he is on SSI for PTSD, drug issues (a bold faced lie regarding "drug issues", the PTSD portion is correct)

**Subject:** Re: Lee sheriff more ADA violations

None of the vehicles Huminski was transported in comply with ADA requirements for transport of the fully disabled.

Aggravating this fact is that while boarding and departing from transport, disabled patients are handcuffed and chained together while transported. During these transports, I was in fear of injury or death proximately arising from the complete absence of ADA accommodations during transport by the Lee Sheriff. --scott huminski

**Subject:** Re: Lee sheriff more ADA violations

The Sheriff refuses to give flu shots to residents of his facilities. This violate the universal support of immunization in the medical profession and is medical malpractice. This policy creates a heightened danger to the elderly and violates the well-established precept of herd immunity. As his jails lodge patients for less than a year, un-vaccinated patients are release into the public everyday impacting high risk groups of the elderly or very young because of the Sheriff's negligence and medical malpractice.

**Subject:** Re: Lee sheriff more ADA violations

Please seek a DOH emergency order concerning the LCSO medical staff allegations and ADA violations. As the Sheriff places restrictions on what medications and services can be provided to residents in his facility, his licenses with the Boards should be revoked. If he is not licensed, but making medical decisions such as the medications allowed in his facility, he is practicing medicine without a license.

When I was afflicted with Redman syndrome (instigated by denial of my blood pressure medication and dispensing a toxin to me) and requested an injection of anti-inflammatory medication, the nurse replied that the sheriff does not allow it. The sheriff is practicing medicine without a license. These nurses look to the sheriff and his rules as they would directives from a doctor. Apparently, any kind of injection is prohibited by the sheriff. Again, his unlicensed practice of medicine.

Also, in my first two days residing in the Lee jails, one inmate was in excruciating back pain that far exceeded the capabilities of over-the-counter pain relief. He was denied that because of the sheriff's determination of which medications and procedures that are allowed (by the rules of a non-medical practitioner). This resident was in the highest level of pain I've observed in my 60 years and his treatment by the sheriff's policy to withhold FDA approved medications is torture and a cruel and unusual punishment under the Eighth Amendment.

Please end the suffering and torture at this government facility which will not be accomplished by sanctions against the licensed providers, the Sheriff and his rules, customs and procedures are at the core of the medical misconduct at his facilities. -- scott huminski

p.s. DOH please forward this to the Prosecution Services Unit and provide an email for this entity.

**Subject:** Lee sheriff more ADA violations

The sheriff provide NO ada compliant toilet facilities without proper height commodes and without the required handicap grab bars.

Below are guidelines and information concerning the sheriff's disdain for the ADA and failure to provide ADA compliant bathroom facilities.

<https://www.buildings.com/article-details/articleid/9242/title/the-ada-compliant-restroom>

The shower facilities are similarly ADA non-compliant in every location Huminski resided in at the Lee Jails.

These ADA violations are especially egregious for persons with recent open back surgery such as Huminski.

## The ADA-Compliant Restroom

Find out how to make your restroom ADA compliant in this article.

**Subject:** Lee sheriff new FOIA request

## Media Request less than a minute ago

M051116-012120

Provide the housing and bunk assignments of persons who shared a cell with Huminski for the first 10 days of his stay in the lee jails starting with 2/12/19. Huminski's cell/bunk assignment was provided in the sheriff's 1/17/2020 production. Provide the same for Huminski's cellmates.

**Status :** Received

To view all requests go to

[https://leecountysheriff.govqa.us/WEBAPP/\\_rs/CustomerIssues.aspx](https://leecountysheriff.govqa.us/WEBAPP/_rs/CustomerIssues.aspx)

User is s\_huminski@live.com  
password 123456

The sheriff will not be able to supply this as for the first 3 days, the cell blocks were overcrowded and there were not enough bunks for Huminski and approximately 10 others. No cell or bunk assignments were communicated by the sheriff. This is a *per se* ADA violation. The elderly disabled should not be treated like 3rd class citizens and made to sleep on the floor.

**Subject:** Lee sheriff refuses to produce document

He refused to supply the full document that the bunk assignment was taken from. What a crook. The cover-up is worse than the original crime.

**Subject:** Re: Lee sheriff FOIA

The sheriff deliberately did not produce the records related to my arrest and transportation to jail. Why, because I was not disorderly. The woman put me into solitary confinement in the inhumanely cold cell because I advised her of the Judge Adams gag order prohibiting my communication with any LCSO staff. Stating a fact is not disorderly conduct.

new FOIA

## **Media Request less than a minute ago**

M051080-012020

The records related to my arrest on 2/12/19 and the first 2 hours in custody of the sheriff's department. That is records related to huminski's arrest at approximately 10 AM until he arrived at the jail at approximately noon that same day. On the ride to the jail, the arresting officer was entering quite a bit of information into his computer. Supply these records. Second request.

**Subject:** Re: Lee sheriff document production

Just like how the Lee Sheriff does not alert a patient that their life-sustaining medication that you have been on for 22 years is being completely ended putting one at risk of death and injury,

the sheriff also maintains secrecy as to any assignment of bunks and no procedure exists for enforcement of bunk assignments.

The 2/13/2019 alleged medical record recently supplied is not in the original production of medical records supplied by the sheriff. I suspect fraud concerning this record. In either case, where-ever this document came from if it is not a fraud, these records are not supplied to inmates via any practice, policy or procedure adopted by the sheriff. Further what was supplied is a cut and pasted excerpt from a document that contains damning information that the sheriff wishes to keep secret.

While imprisoned, I asked the medical provider for my medical records and she denied the request. The medical records supplied related to these matters do not contain the cut and pasted bottom bunk directives.

In the Lee jails, bottom bunks are on a first come first serve basis and if there is a dispute the law of the jungle prevails -- might is right, where an elderly disabled person can not prevail regarding such confrontations with other inmates.

LEE SHERIFF supply the full document where the cut and pasted bunk assignment came from. Many times a cover-up is worse than the original transgressions. -- scott huminski

**Subject:** Lee sheriff foia

Regarding Lee sheriff fraud that I was assigned a bottom bunk. The sheriff does not provide this information to residents, if the document they provided is valid, it is kept secret from inmates. I would be happy to take a polygraph concerning any fact I have supplied related to these matters.

**Subject:** Lee Sheriff: Medical Ethics, Disability and Supremacy Clause violations

Mr. Candela,

Your failure to file a motion to stay the matters below pending appeal, thus, your negligence and malpractice, proximately caused me extreme injury and damage at the hands of the Sheriff and State's attorney.

I have retained an out-of-state law firm to prosecute you for legal malpractice. They are taking it on a contingency basis. 50% Suit will be filed after the government's answer brief in the 2 DCA. This is why I directed you to oppose any extensions requested by the government. I need(ed) relief from the government misconduct ASAP, a task that you failed.

We are also bringing an 42 U.S.C. § 1983 action against former State's Attorney Stephen Russell, State's Attorney Amira Fox and Anthony Kunasek. Judges may be added later.

The sheriff will also be a defendant in causes of action arising under 42 U.S.C. § 1983 and the Americans with Disabilities Act. Of course we have to deal with the gag orders of Judge Adams preventing service of the Sheriff (a defendant in Huminski v. Gilbert, et al., 17-ca-421). Your disdain for the First Amendment by not handling the bedrock First Amendment violations in the gag orders of Judge Krier, Judge McHugh and Judge Adams in your brief is noted. The gag orders are unconstitutionally vague, over-broad are a forbidden prior restraint and silence core protected political expression.

Thanks for setting me up for grave human rights violations.

Move to disqualify yourself from the 2 DCA appeal immediately. My online review of your misconduct should be sufficient to get you off the case.

The review is here at a permanent link,

<https://web.archive.org/save/https://anthonycandelaattorneylawyerreviewtampaflorida.law.blog/>

It is my moral and ethical duty to make sure you don't do this to anyone else. Again, I am forced to assume the role law enforcement should have handled, like the death threats from the Arizona terror cell (Trevor Nelson, Debra Riffel of Maricopa County) that instigated this series of events.

**Subject:** Lee Sheriff: Medical Ethics, Disability and Supremacy Clause violations

Hi,

In the United States, federal laws concerning disabilities are binding on the States (and Counties) via operation of the Supremacy Clause. Article VI, Paragraph 2, U.S. Constitution.

Disability is defined under laws, rules and procedures employed by the Social Security Administration which includes phases: Application, Initial, Reconsideration, Hearing, and Appeals Council. A federal finding of disability can not be altered by State or County agencies, including nurses working for the Lee Sheriff.

Persons found disabled under federal law are protected under the Americans with Disabilities Act (ADA) and treatment of the disabled is governed by the ADA.

The sheriff or the medical staff he employs/retains can not trump/alter a disability determination under federal law. Housing and transporting a disabled individual must comply with the ADA which the Sheriff deliberately ignores and violates.

The torture of Huminski prior to a medical screening with solitary confinement in an inhumanely cold cell without adequate clothing or shelter from the 55 degree temperatures is a violation of the ADA and patently cruel torture.

The sheriff's expectation that the disabled hop onto a bunk over 4 feet in the air is a violation of the ADA, his own policies and procedures should have prevented this.

See below policy excerpt.

An inconsistency with federal law is the provision in the sheriff's below policies and procedures that provide that a nurse working for the sheriff can modify or ignore a finding of disability under federal law and this provides a corrupt green light to the sheriff to violate the ADA.

Violations of the ADA by the sheriff's medical staff is a violation of medical ethics and are federal crimes.

Some of these crimes are set forth at the below link.

<https://www.fbi.gov/investigate/civil-rights/federal-civil-rights-statutes>

The sheriff placing his "medical provider" (the sheriff's nurses) in charge of disability determinations when the federal government has extensive laws and procedures involving the disabled violates federal law and the Supremacy Clause.

Florida does assist the federal government in the determination of disabilities in the Division of Disability Determination (FL Dept. of Health), however, nurses working for the sheriff have no authority under state or federal law to disturb a finding of disability under federal law. The sheriff's policies and procedures concerning the disabled is unlawful. Further, the sheriff lying in medical records that Huminski was on disability because of drug use is a violation of federal law and medical ethics. Huminski was placed on disability after his first hip replacement and was lodged by the sheriff 6 months after back surgery.

The sheriff can and should avail himself to the programs provided by the FL Dept. of Health concerning lodging of the disabled instead of trying to be the law unto himself.

See link below.

Upon intake, the sheriff should query if an individual is disabled and receiving federal or state funding because of a disability. Upon an affirmative response, the patient should be lodged in an ADA approved cell. After that, the sheriff should consult the FL Dept. of Health or Social Security Administration if the sheriff believes an individual is not disabled or if he disagrees with the findings of the United States. -- scott huminski

**Subject:** Lee Sheriff violates his own policies and procedures

Based upon further review, it has become clear that the sheriff engages in wholesale violations of the Americans with Disabilities Act (ADA) and for the safety of those still suffering in the Lee jails, the federal government should take control of these facilities to bring them back into compliance with federal law.

Why was I jailed? ... for failure to pay a contempt of court fine that I could not afford (debtor's prison). Good old fashioned justice. With Mr. Candela not helping by his refusal to stay matters while appeal was pending. The prosecutor's office knows all these facts and are just as liable.

Please forward relevant materials to the U.S. Attorney's Office for this District and to the U.S. Attorney General before death, injury or harm comes to person at these facilities because of the sheriff's disdain for the rule of law.

Time is of the essence. -- scott huminski

**Subject:** Lee Sheriff violates his own policies and procedures

Hi,

I began reviewing the production of today. I think this will yield a wide pot pouri of the sheriff's violations of his own policies and procedures. After 1 minute into my review the following came up revealing a complete disregard for his own policies concerning the fully disabled. Like myself -- on full social security disability for 10 years for mental and physical disabilities.

The sheriff knows bad things happen when one breaks the law, likewise, bad things happen when he violates his own policies and procedures. There would have been fewer ADA violations and felony abuse of an elderly disabled had the sheriff obeyed his own regulations concerning single cell occupancy had he just followed his own rules instead of making the disabled elderly sleep on the floor. If I was assigned a single cell per his policies, I wouldn't have had to sleep on the floor. Its not just me he abuses, he abuses every disabled person in his jail. If the ADA had criminal sanctions, the sheriff should be first in line. As my review continues, I will update. see below single occupancy policies.

See attached, even though the fee was paid, I don't see any documents

In a collateral issue, here is a document evidencing the Lee Sheriff's/Judge's/Prosecutor's obstruction of service in a matter before the Florida Supreme Court,

Note that the order of Judge Adams made criminal any contact with the parties to the criminal and civil matters. This means the State of Florida. It is also in the above link. -- scott

**Subject:** threats

Mr. Candela, Your threats to me attempting to stop my reportage concerning the felony abuse of a disabled adult and collateral matters could be construed as obstruction of justice.

Please file a motion in the appeal to stay/enjoin the Florida collection activities and punishments while the case is on appeal. You failed to do this at the appropriate time causing my incarceration. This a very common appellate motion quite similar to a motion to release from custody while on appeal. I don't wish to be jailed again because of your failure to file proper and quite common motions at the proper time.

Just the fact that you are appointed does not mean you have to withhold filing of proper and necessary papers in court. You must treat appointed legal work with the same vigor as paying clients. Failure to do so is a violation of the rules of professional conduct and ethical precepts.

I don't know what is up with you, but, you refused my direct instructions to deny the request for enlargement of time and consented to the government delay. This conduct prejudices and injures me.

**Subject:** Huminski writ of prohibition/mandamus

Mr. Candela, I take your silence as a refusal to file a writ to prohibit collection activities by the State pending resolution of the appeal. I will file it in the next week. It will be less than a page long. A no-brainer. Let me know today if you have changed your position.

This issue may only be tangentially related to the Health Departments investigations. It is being provided to maintain context and this email is core protected political expression afforded the highest level of protection under the First Amendment. (see below link re: core protected political expression) Obviously all my speech is speech critical of the Sheriff, a candidate for

public office. Seeking and obtaining the gag order is a serious crime under Title 18. See below criminal statutes.

Mr Holloway, as I have pointed out, all communications with you are in your capacity with the county, not LCSO. All contact with the LCSO is barred via the gag orders entered by Judge Adams. Gag orders requested by the sheriff that remain pending for life. This calls into question if the sheriff can hold office while denying public safety services to a resident (s) of the county he serves. I think not. This affront to the First Amendment, barring core protected political expression are federal crimes defined in the Title criminal 18 links below as they violate Huminski's First Amendment right to criticize the sheriff and report criminal activity to the sheriff or his staff. One can not be a county sheriff and then pick and chose persons not eligible for public safety services based upon their opinions or the type of crimes they report.

Why did the sheriff seek to silence me? ... to cover up his support of the interstate transmission of terrorist death threat by the Nelson/Riffel domestic terror cell.-- scott

**Subject:** Lee Sheriff Foia re: DOH investigations, Complaint # 201944590 & 201994592

A new related Foia (sunshine law request) is here concerning the withholding of medical services,

<https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-84837/>

I note that the sheriff failed to respond to the request of 12/12/19 with knowledge that I am seeking the information to forward to State agencies concerning the pending investigations. *Per se* obstruction of justice. The sheriff refuses to even acknowledge receipt of the information request.

<https://www.muckrock.com/foi/lee-county-36/lee-sheriff-disabled-elder-abuse-84341/>

It is unclear if the sheriff's department itself is licensed with the DOH in any capacity, although, they are the caretakers of medical records and in control of the privacy and dissemination of medical records consistent with HIPAA or similar state regulations/statutes. It certainly appears that jails should be regulated in a similar manner to nursing homes, hospitals and other care-giver entities. -- scott huminski

**Subject:** Lee Sheriff felonies are RETALIATORY, Complaint # 201944590 & 201994592

These documents support the retaliation as a motive behind the sheriff's felony abuse of a disabled adult, F.S. 825-102, and verify his obstruction of justice of the federal courts. (U.S. Bankruptcy Court, a unit of the U.S.D.C.) -- scott huminski

**Subject:** Lee Sheriff felonies are RETALIATORY, Complaint # 201944590 & 201994592

These felonies and *per se* medical ethics violations concerning the LCSO medical staff are retaliatory because Huminski exposed the crimes of the sheriff embodied in his request and receipt of a gag order that obstructed justice (including witness intimidation and tampering) of cases before the United States Bankruptcy Court, the Florida 2nd Circuit and Florida Supreme Court. At the most rudimentary level, the sheriff's gag order preventing service of himself and his office in cases where court rules, Due Process and other authorities mandated service of the sheriff are patently criminal obstruction of justice.

My certificates of service in the aforementioned tribunals clearly state that service was obstructed by the sheriff. Even service of the State of Florida was obstructed by the gag order obtained by the sheriff. See below documents and most specifically this one,  
[https://edca.2dca.org/DCADocs/2017/4740/174740\\_26\\_12182017\\_11210062\\_e.pdf](https://edca.2dca.org/DCADocs/2017/4740/174740_26_12182017_11210062_e.pdf)

Here is a complaint filed with the United Nations on the topic

<https://web.archive.org/web/20181031133103/https://judgeelizabethvkrierleecountyflcorruption.files.wordpress.com/2017/06/un-human-rights-compl-2-converted.pdf>

The obstruction of justice by the sheriff is undisputed and on the record see below links.

**Subject:** Fw: State's Atty Cover up felony obstruction by Sheriff Scott

The Sheriff obstructed service in the U.S. Bankruptcy Court (a unit of U.S. District Court), obstructed service in the 2DCA 2D17-4740, obstructed my attendance at a hearing in 17-CA-421 and is engaging in ongoing obstruction in 17-MM-815.

The sheriff procured a protective order for him and his staff that prohibits contact or communication. WITHOUT EXCEPTION. As such I am banished from the Lee Court complex in violation of Huminski v. Corsones, 396 F.3d 53 (2nd Cir. 2005). This and other issued are exhaustively documented in the below papers filed in the 2DCA.

Hi Atty Neymotin,

Your office has advised me to violate the Orders of Judge Krier. The protective order entered by Judge Krier prevents any contact with the Sheriff or his staff. As such, it is criminal contempt for me to interact with court security screeners and bailiffs at the lee court.

Advising me to violate the orders of the Circuit Court is unethical. With that in mind, what is your office's advice for the hearing tomorrow concerning my attendance?

Do i not attend and risk a bench warrant or attend and risk a contempt charge? -- scott huminski

**Subject:** Conflict counsel dodging appeal other misconduct

Hi Atty Neymotin,

Your office is responsible for handling this criminal appeal/petition. This is a criminal contempt case assigned to Z. Miller of your office. This appeal arises directly out of the criminal matter assigned to your office. I must also inform you that I am receiving ineffective assistance of counsel in the underlying criminal matter. The criminal case was pending in the Circuit Court for several months and then was "transferred" to County Court.

Please assign an attorney who knows the below law to my case and assign your appellate people to the appeal. See 2DCA docket below. The criminal case is frivolous and the order involved that I allegedly violated are patently unconstitutional and mandate surrender of constitutional rights -- exceptions to the Collateral Bar Rule, that your office has ignored.

THERE IS NO STATUTE, COURT RULE OR FL AUTHORITY THAT PROVIDES FOR A TRANSFER BETWEEN CIRCUIT AND COUNTY COURTS. YOUR OFFICE'S FAILURE TO RECOGNIZE THIS FUNDAMENTAL ISSUE IS WASTING THE TIME OF ALL AND CONSTITUTES CONDUCT PREJUDICIAL TO THE ADMINISTRATION OF JUSTICE AND wastes judicial resources.

Please recuse off this case if you do not have the staff expertise to handle the issues. Mr. Miller refuses to file motions I have requested based upon the above and other issues. -- scott huminski

**Subject:** Lee Sheriff medical staff felony abuse of a disabled adult, Complaint # 201944590 & 201994592

Another FOIA to the LCSO on the felony abuse of a disabled adult that may assist in the investigations pending against the Lee Sheriff's medical staff. See link below. At the link is a downloadable copy of all correspondences, to date, with the DOH concerning the LCSO medical staff.

I note that the LCSO was well aware of my disabled status based upon it's status as a defendant in Huminski v. Mike Scott, et. al. (aka Huminski v. Gilbert, et. al.), 17-CV-421, 20th Circuit, a lawsuit concerning the death threats issued to Huminski (2015-2017) from Trevor Nelson and/or Debra Riffel (while impersonating Officer Ryan Pillar) of Maricopa County, Arizona and the impersonation of Huminski by the same two individuals in letters sent to Officer Ryan Pillar (Gilbert, AZ Police) his parents and others in 2012-2015 approximately. Thank you. -- scott huminski

**Subject:** Medical Board & Pharmacy Board Complaint # 201944590 & 201994592 against LCSO medical staff

The decision to deny me medical services upon intake into the Lee Jails and to place me in solitary instead (along with previous complained of LCSO criminal conduct), was done with the knowledge that my age was approximately 60,

putting the LCSO and their medical staff on notice that felony abuse of an elderly and/or disabled adult was on the table. Of course, medical services or denial of medical services that constitute felony violations of F.S. § 825.102 are *per se* unethical under medical ethical guidelines. Crime is not a valid medical treatment or service. See this thread.

**Subject:** Medical Board & Pharmacy Board Complaint # 201944590 & 201994592 against LCSO medical staff

Hello,

The placement of myself in solitary prior to medical screening for an elderly fully disabled adult with chronic medical issues is a felony, F.S. § 825.102, by the LCSO.

See statute excerpts (full statute below) concerning the immediate placement of myself into solitary in a 55 degree cell barefoot with only a thin t-shirt and shorts without any bedding that drove my body temperature down to 97.0, i.e. torture/malicious punishment.

(b) Willfully tortures, maliciously punishes, or willfully and unlawfully cages, an elderly person or disabled adult; or

1. A caregiver's failure or omission to provide an elderly person or disabled adult with the care, supervision, and services necessary to maintain the elderly person's or disabled adult's physical and mental health, including, but not limited to, food, nutrition, clothing, shelter, supervision, medicine, and medical services that a prudent person would consider essential for the well-being of the elderly person or disabled adult; or

These felonies are *per se* medical malpractice and caregiver malpractice as they are felonies against the elderly disabled. Thank you. --Scott huminski

Hi, I am in receipt of your recent letters.

I believe that the sheriff's medical staff lied about my medical record to gain State/Federal funding or grants, etc. concerning their lies input into my medical records.

I am not on Social Security Disability because of "street drug" use as lied to by the LCSO. I grant the FIHealth.gov power of attorney to access my first 5 years of medicare/social security records. I am on Social Security for joint issues, avascular necrosis, PTSD, Social Phobia, GAD. Now spinal stenosis and spinal disk degradation are added to the list.

I don't use "street drugs" as mentioned several times in the LCSO medical records. Medical marijuana and prescriptions filled at Walmart are not "street drugs". All of this is a lie, probably to secure funding or for some other improper motive.

False "street drug" information entered by the LCSO medical staff caused me to be place on "DETOX" for 10 days which prevented me from obtaining sleep medication for 10 days. Lies in medical records can cause injury. I once had a bogus allergy to penicillin sneak unto my records

elsewhere and that led to my treatment with a lesser effective drug. False medical information is dangerous to the safety of the patient. During those first 10 days, I got 2-3 hours of sleep a night as a result of LCSO lies. Also felony abuse of a elderly disabled adult. See statute below.

Please do not hesitate to obtain the Social Security/medicare information related to the lies entered into my medical records. Power of attorney is granted to the Florida Department of Health and/or Ylonka Guzman Jimenez to obtain these records from the federal government.

Florida Statutes Title XLVI. Crimes § 825.102. Abuse, aggravated abuse, and neglect of an elderly person or disabled adult

(1) "Abuse of an elderly person or disabled adult" means:

- (a) Intentional infliction of physical or psychological injury upon an elderly person or disabled adult;
- (b) An intentional act that could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult; or
- (c) Active encouragement of any person to commit an act that results or could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult.

A person who knowingly or willfully abuses an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in [s. 775.082](#), [s. 775.083](#), or [s. 775.084](#).

(2) "Aggravated abuse of an elderly person or disabled adult" occurs when a person:

- (a) Commits aggravated battery on an elderly person or disabled adult;
- (b) Willfully tortures, maliciously punishes, or willfully and unlawfully cages, an elderly person or disabled adult; or
- (c) Knowingly or willfully abuses an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult.

A person who commits aggravated abuse of an elderly person or disabled adult commits a felony of the first degree, punishable as provided in [s. 775.082](#), [s. 775.083](#), or [s. 775.084](#).

(3)(a) "Neglect of an elderly person or disabled adult" means:

1. A caregiver's failure or omission to provide an elderly person or disabled adult with the care, supervision, and services necessary to maintain the elderly person's or disabled adult's physical and mental health, including, but not limited to, food, nutrition, clothing, shelter, supervision, medicine, and medical services that a prudent person would consider essential for the well-being of the elderly person or disabled adult; or
2. A caregiver's failure to make a reasonable effort to protect an elderly person or disabled adult from abuse, neglect, or exploitation by another person.

Neglect of an elderly person or disabled adult may be based on repeated conduct or on a single incident or omission that results in, or could reasonably be expected to result in, serious physical or psychological injury, or a substantial risk of death, to an elderly person or disabled adult.

(b) A person who willfully or by culpable negligence neglects an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the second degree, punishable as provided in [s. 775.082](#), [s. 775.083](#), or [s. 775.084](#).

(c) A person who willfully or by culpable negligence neglects an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in [s. 775.082](#), [s. 775.083](#), or [s. 775.084](#).

**Subject:** Medical Board & Pharmacy Board Complaint # 201944590 & 201994592 against LCSO medical staff

Hi, I am writing to ascertain if more input from myself is required for the above board complaints.

Cutting my beta blockers 75% from 200 mg to 50 per day (with a less effective drug), when there was a recent hospitalization for transient ischemic attack (mini stroke) is not only unethical and a violation of medical norms (especially without initiating a physician / patient relationship) and blindly prescribing is abuse of a disabled adult. I have been on on SSDI for 10 years.

This is a felony in Florida and a federal civil rights crime (8th Amendment violation) punishable under federal civil rights crime statutes 18 USC 241, 242. Please refer this to the U.S. Attorney, the FDLE and the Florida and U.S. Attorney Generals. Thanks -- scott huminski

Florida Statutes Title XLVI. Crimes § 825.102. Abuse, aggravated abuse, and neglect of an elderly person or disabled adult

(1) "Abuse of an elderly person or disabled adult" means:

- (a) Intentional infliction of physical or psychological injury upon an elderly person or disabled adult;
- (b) An intentional act that could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult; or
- (c) Active encouragement of any person to commit an act that results or could reasonably be expected to result in physical or psychological injury to an elderly person or disabled adult.

A person who knowingly or willfully abuses an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in [s. 775.082](#), [s. 775.083](#), or [s. 775.084](#).

(2) "Aggravated abuse of an elderly person or disabled adult" occurs when a person:

- (a) Commits aggravated battery on an elderly person or disabled adult;
- (b) Willfully tortures, maliciously punishes, or willfully and unlawfully cages, an elderly person or disabled adult; or
- (c) Knowingly or willfully abuses an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult.

A person who commits aggravated abuse of an elderly person or disabled adult commits a felony of the first degree, punishable as provided in [s. 775.082](#), [s. 775.083](#), or [s. 775.084](#).

(3)(a) "Neglect of an elderly person or disabled adult" means:

1. A caregiver's failure or omission to provide an elderly person or disabled adult with the care, supervision, and services necessary to maintain the elderly person's or disabled adult's physical and mental health, including, but not limited to, food, nutrition, clothing, shelter, supervision, medicine, and medical services that a prudent person would consider essential for the well-being of the elderly person or disabled adult; or
2. A caregiver's failure to make a reasonable effort to protect an elderly person or disabled adult from abuse, neglect, or exploitation by another person.

Neglect of an elderly person or disabled adult may be based on repeated conduct or on a single incident or omission that results in, or could reasonably be expected to result in, serious physical or psychological injury, or a substantial risk of death, to an elderly person or disabled adult.

- (b) A person who willfully or by culpable negligence neglects an elderly person or disabled adult and in so doing causes great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the second degree, punishable as provided in [s. 775.082](#), [s. 775.083](#), or [s. 775.084](#).
- (c) A person who willfully or by culpable negligence neglects an elderly person or disabled adult without causing great bodily harm, permanent disability, or permanent disfigurement to the elderly person or disabled adult commits a felony of the third degree, punishable as provided in [s. 775.082](#), [s. 775.083](#), or [s. 775.084](#).

**Subject:** Missing Records: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592

I noticed that in the brief medical intake that occurred after my 8 hours in solitary in a 55 degree room (I was barefoot and clothed in a light t-shirt and shorts) there was no taking of vitals reported. The reason was that I was becoming hypothermic from the 8 hours of solitary in a cell without bedding, only concrete and steel existed in the cell. Deliberately causing physical harm is an assault and battery. Please forward this to the FDLE and U.S. Attorney. My temperature after solitary was 97 which they took but did not disclose in the records the jail produced.

The name of the pharmacy or pharmacist was not provided in the records. I never received the proper literature with any medications provided, a pharmacy error, which would have prevented the Redman Syndrome that caused me medical harm. Had I received the proper paperwork, as regular pharmacies provide, I would have alerted the staff of a toxic medication and I would have refused the offending medication(s). The level of prescribing secrecy and lack of pharmacy information provided to the patient about the drugs dispensed caused the problem.

My blood pressure was taken at least 10 times and recorded by individuals who dispensed medications (I don't know their professional information) and these records were not supplied. They document my out of control blood pressure. Thank you. -- scott huminski

**Subject:** Records: Medical Board & Pharmacy Board Complaint # 201944590 & 201994592

Hello, They finally released my records. I still don't know the professions of any of the names provided, i.e. doctor, nurse, aid, pharmacy tech, etc..

I gave no consent to anyone to stop existing medications or to consent for new medications upon intake to the jail.

I was arrested at approximately 10:30 and got to the Jail at the below time, noon, and immediately was put in solitary for 8 hours as the medical records reflect. If one has diabetes, seizures or many other problems, this custom of warehousing patients for up to 8 hours with no medical information taken could prove deadly to persons with medical issues. During this initial solitary there was no inquiry if i had food allergies or special/religious food needs and i was provided a meal blindly -- bologna on white. This is dangerous. I was never consulted with by a doctor concerning the vast changes in my medicines or never asked if I had questions for a pharmacist when medicines were dispensed. Note the 7:58 time on the medical history documenting the solitary.

I don't know and never met Andrew Grey, I don't know if this person is a doctor, nurse, pharmacist, and they never mentioned to me they were taking me off medications I have been on for 22 years. My only history of withdrawal was when I ended gabapentin for spine pain and sciatica a year earlier.

Kathy Verdes lied about drug abuse when she stated i take "street drugs" and this contradicts the walmart prescriptions verified on 2/19/2019 which had a xanax prescription. (see attached) I never had this issue and never told her I did. Alprazolam, xanax has been prescribed to me for 22 years, I take it as directed.

Huminski was deprived of all morning medications on 2/27/19 per entry of Karen Hergal, this is common, to get 12 hour medications at far longer or shorter intervals than required. This happened to me many times. There are also an entry of "denies all" that did not happen. Ms. Hergal lied about a history with street drugs.

Prior to administering the first doses of new medications, if I was told they were stopping the treatment that worked well for 22 years, patient should be allowed a consult with a pharmacist or doctor on the new medications.

Note that after side effects from HCTZ (or clonidine) was noted, the toxins that caused Red Man Syndrome (that i was prescribed deltasone for), on 2/19/19 they re-prescribed the toxin and it was delivered to me for a day or two until I noticed problems and I had to interrogate the person dispensing the pills and i had to deny the toxin. My declining the toxin is also in the attached.

Although my blood pressure had been recorded 10 or so times, the report on 2/14/2019 had a blood pressure of 153/114 p 136, revealing the ineffective treatment plan without concern for patient's 22 year history of successful blood pressure management. This is dangerous. I feel symptoms of tightness in chest/anxiety/fear when my blood pressure soars without adequate medical intervention. Elevated blood pressure can cause organ damage, stroke, heart issues and more. This negatively impacted my anxiety issues because I thought I might die from the extremely high (for me) blood pressure.

See entry of 07/08/2019 [sic] (the date is probably around 2/16/2019) where i emphasize my 20 years of successful medications and relatively good health.

On or about 2/18/2019 i spoke to a female guard via the intercom system and explained that I was given medications that made me ill and required medical intervention, she rudely stated "don't take pills you're not supposed to". I explained the pills were started without me knowing. This is misconduct.

2/27/2019 Brian Medlin lied that i was on social security for drugs problems. I am on social security for joint issues (hips, knees) and for PTSD, Social phobia and generalized anxiety disorder.

In summation, this is the worst medical treatment I have received in my entire life and, at 60 this year, it is the first time I spent in jail. -- scott huminski

As you can see, the Sheriff is refusing to forward medical information because there are many problems with the medical treatment of patients at the Lee jail. I hereby grant the FL Health Department and their associated Medical and Pharmacy Boards power of attorney concerning my medical records being withheld by the sheriff. There are dangerous medical situations at the jail. Luckily, my experience wasn't fatal, the same might not be true in the future.

I have no knowledge of who the persons were dispensing the medication at the jail ... nurses, pharmacy techs, medical assistants, etc..

I waive all HIPAA rights/protections and my jail medical records may be posted online or shared by anyone to anyone at any time. Thank you.

**Subject:** JAIL Medical Board & Pharmacy Board Complaint # 201944146

Hello, I am in receipt of your letter of 10//11/2019.

The sheriff has ordered the medical staff to not supply various medications that are medically appropriate and necessary for patients. Thus, loyalty to the sheriff and his rules has trumped the medical staff's proper handling of the cases and limitations of FDA approved medications that can be prescribed to patients lodged at the sheriff's facilities pursuant to policies and procedures mandated by the sheriff. A potential case of unauthorized practice of medicine by the sheriff via his control over the doctors and medical staff working for him in Fort Myers. I consider the handling of my medical records request beginning with in-person visits on 9/24/2019 obstruction of justice related to the medical and pharmacy boards potential investigation into medical care at the Lee jails.

Allowing a sheriff to determine what medications can be prescribed by tying the hands of licensed medical professionals is corrupt. Solitary confinement without inquiring into the medical situation is a violation of medical ethics and norms. Withholding access to a physician for 5-7 days after blindly prescribing incorrect and outright toxic medications is a violation of medical ethics and professional guidelines. All persons lodged at these jails should have an immediate consultation with a physician to establish a proper patient - physician relationship, prior to prescribing, to save lives and maintain health.

The sheriff's office wrote as follows (see below) concerning (1) my attempt to obtain my medical records followed by (2) his classification of my 2nd request as a duplicate and finally (3) my request via the muckrock.com website which remains pending. I ask that you expedite this matter to avoid further medical harm to persons lodged in the Lee jails whereby doctors are prohibited from freely and without interference allowed to engage in the practice of medicine pursuant to their training and experience free of interference from the sheriff or his policies and procedures. -- scott huminski

Because the Lee Jail keeps the identities of the medical staff anonymous and secret, I don't have access to the identities of these persons.
